

Be a Friend to a New International Student

Date::

August 26, 2014

Be a friend to a new International Student at the University of Arizona!

International Friends, Inc., a not-for-profit volunteer organization, invites Tucson area residents to offer friendship to international students arriving at UA this semester.

Over 150 new international students have signed up for a friend!

International Friends is NOT a live-in host program. Students and their friends get together, usually once a month to share a meal, explore the Tucson area, or observe holidays or traditional celebrations.

If you are interested in building international understanding through friendship, please check out our website: www.ifriendstucson.org ^[1]. For more information, contact us at info@ifriendstucson.org ^[2] or the UA Office of International Student Services at 520-621-4627.
