The Diabetes Family Study

Date::
May 9, 2017

Are you a parent with **TYPE 2 DIABETES**?
Do you have an adolescent/young adult child between **AGES 14-25**?
You and your child may be eligible to participate!

In this study you and your child would help us by?

- ? Filling out a short questionnaire
- ? Having a trained researcher interview you and your child for about an hour about experiencing diabetes in your family

You and your child will each receive $20 as a thank you for your participation.
