The University's new employee learning management system – EDGE Learning – will launch on Monday, November 16. This user-friendly system will replace UAccess Learning.

Things to know:

- All of the trainings you have completed in UAccess Learning will be transferred to EDGE Learning automatically.
- If you have started any trainings in UAccess learning, please complete them by November 10, or you will have to begin them again in EDGE Learning.
- There will be no access to UAccess Learning beginning November 11, when we will start migrating completed training information into EDGE Learning.
