

Fall Fest '17 with UA President Robert C. Robbins

Date::

September 6, 2017

Join us for the Institute of the Environment's annual Fall Fest, to be held on Sept. 26, 2017, from 4:30 to 7pm in the ENR2 building.

We are excited to feature **UA President Robert C. Robbins**, who will speak on the strength of environment at the UA. Prior to and after his presentation, mingle in the ENR2 courtyard to catch up with colleagues, enjoy complimentary food and beverages, and browse an Environmental Showcase of over 30 campus environmental programs and groups to learn about their work and opportunities for engagement.
