New Workshop on Student Data March 27

Date:
March 2, 2020

DATA EXPLORATION SERIES: STUDENT DATA
FRIDAY, MARCH 27, 2020
2:00-4:00PM
Integrated Learning Center (ILC) Room 130

University Analytics & Institutional Research (UAIR) is hosting a workshop on the types of data available in UAccess Analytics relating to the University of Arizona's student population.

This presentation will focus on retention and graduation data, including a brief introduction to related subject areas and an overview of the new curricular flow dashboard.

Use the knowledge gained in this workshop to better leverage the resources available to you when it comes to making data-informed decisions for your college and/or department and satisfying reporting needs based on student data.

Open to all levels of users.

Space limited. **Deadline to register is Friday, March 20, 2020.**

Register here [1].
