En Español: PAGregion.com/EncuestaTransito [2]

Pima Association of Governments, the region’s metropolitan planning organization, is developing a Long-Range Regional Transit Plan, in partnership with the City of Tucson. This plan will examine potential changes to Sun Tran, Sun Link, and Sun Shuttle service over the next 10 years and will be considered as part of PAG’s federally required long-range transportation plan update.

To prepare our work, PAG is asking members of the public to help us understand their priorities for public transit in the Tucson region.

The survey will be available until January 18th.
