The "Employment Eligibility and Identity and Social Security" policy (University Handbook for Appointed Personnel 2.06.09; Classified Staff Human Resources Policy Manual 106.1) has been updated. The changes remove outdated information and reflect the new digital completion process for the I-9 document. Anyone who wishes to review the current policy can access it at <http://policy.arizona.edu/employmenthuman-resources/employment-eligibility-and-identity-and-social-security> [1].
