Trellis Open Forums: April 9th and April 15th

Date:
April 1, 2020

Providing a seamless and personalized digital experience is a top priority for the University of Arizona. Now more than ever, the need for continuity and digital acceleration is upon us.

Over the past year, Trellis and Arizona’s strategic partners have advanced this mission in more ways than one. We’d like to take a moment to share new digital services driven by the University's CRM strategy and invite additional campus units to consider exploring Trellis for your needs.

Both forums will be open to University partners and will include a 45-minute presentation, followed by a 15-minute Q&A.

Join us remotely:

**Thursday, April 9**
9:00am - 10:00am (MST)

or

**Wednesday, April 15**
2:30pm - 3:30pm (MST)
