Camp 1 - Wilbur’s Business Leaders of Tomorrow - $350
May 28th - May 31st 8AM-4:30PM
This week campers will be introduced to the realm of business and entrepreneurship and will develop their own mock e-commerce site where groups will work together employing what they’ve learned to earn ‘Wilbucks’ to be traded in for fun prizes!

Camp 2 - Computer Safety, Science, and Software - $350
June 3rd - June 7th 8AM-4:30PM
Campers will be exposed to the fundamentals of cyber security and software. This week will also cover all there is to know about the basics of programming. Campers will become masters of their consoles as they learn to code in Python and learn the basics of web development.

Camp 3 - Animation and the Visual Arts - $350
June 10th - June 14th 8AM-4:30PM
Campers will capture photos and edit them within Photoshop, be taught the basics of animation with Scratch and Processing, and learn to compose automated synth masterpieces as they’re introduced to the concepts behind game development and game design through fun Unity templates.

Camp 4 - Wilma’s Wild Tech - $350
June 17th - June 21st 8AM-4:30PM
Campers will learn tips, tricks, hacks, and facts in the many fields of technology. Ranging from robotics and computing projects within a Raspberry Pi to discovering sound powered projects by Arduino.

$1000 FOR ALL FOUR SESSIONS!
